U. S. TRADERS URGE DRASTIC CUT IN COSTS OF PASSPORTS

Merchants Association Of New York Leads Fight

ASKS PEKING AID

Mills Bill Would Put Charge At G. $5, Renewable For G. $2

(Chung Mei Service)

Peking, August 28.—American business circles in Peking have been appealed to by the Merchants Association of New York to support a bill recently introduced into the House of Representatives providing for a drastic reduction in the fees assessed by the American Government for issuing and viseing passports.

This Bill is of tremendous interest not only to Americans but to the nationals of every other country who are likely to go to America since it will mean a big saving to them when getting viseed. The sponsors of this measure point out that since November 1918 the United States has modified passports regulations in two directions. There have been minor changes making the obtaining of a passport less burdensome. On the other hand, the expense of obtaining passports and visées has been increased five hundred percent. This is due to an act of Congress of the United States effective July 1, 1920, authorising a charge of Gold $10 for issuing a passport to an American citizen and the same amount for viseing passports for aliens. Prior to that time fees for issuing and viseing had been $2.00.

OTHERS INTERESTED

How this Bill is closely bound up with the interests of other nationalities in the East, where nearly every foreigner at one time or other applies for an American passport or an American Visee, and Americans do the same for visees of other countries, is covered by a provision whereby the Secretary of State is authorised to increase the fee for viseing the passport of any alient to whatever amount is assessed by the country of the alien for viseing passports of United States citizens. This whole question seems to be a matter of retaliation between the various countries. Certain nations have a standing provision under which their passport vise fee is the citizens of any country is the same as the passport vise fee assessed to their nationals by that country. These countries, therefore, automatically began assessing American citizens Gold $10 for a vise. In retaliation to the American Act against their citizens countries that did not have this reciprocal provision, took action to raise their charge to the same amount assessed by the United States, namely Gold $10. Among the countries which followed the American lead in this respect are Great Britain, Denmark, Germany, Greece, Norway, Spain, Sweden, Czechoslovakia, Italy and a number of others.

As a consequence, there has been a heavy burden on all American travelers. Commercial representatives from the United States have spent hundreds of dollars for passport visees while their competitors, citizens of other countries, have only paid nominal amounts. Moreover, it is worthy of note that while the United States was taking this backward step, certain European nations were doing away with visees, and in some instances with passports entirely. Belgium, France and Great Britain at present have an arrangement whereby citizens move back and forth without passports. Belgium, the Dominican Republic and Switzerland require no visees.

SIMPLICITY URGED

To remedy this situation The Merchants' Association of New York has, for more than a year, been conducting a campaign to bring about a simplification in passport procedure. It has advocated that the American Government make arrangements with certain foreign governments whereby there would be a reciprocal elimination of passports entirely, or if that is not feasible, with visees entirely. It has also urged Congress repeatedly to enact legislation restoring the issuing and viseing charges to reasonable amounts. A reduction in these fees has been opposed by leaders in the Senate and House who have maintained that the

CONFEREES TO ELIMINATE U.S. VALUATION FROM TARIFF

Report Is Expected By Middle Of This Month

LAW BY OCTOBER

House Idea Apparently Will Prevail At "Showdown"

(Reuter's Service)

Washington, Sept. 1.—The American valuation plan will have been eliminated from the Tariff Bill when it is reported back to the Senate representatives by the joint conference. The report is expected by the middle of September and according to present indications the measure will become law at the beginning of October.

CABLE SERVICE, HIT BY TYPHOON, IS NOW RESTORED

Companies Again Accepting Messages Following Dislocation

Cable communications with the South, and thus with the outside world, which were dislocated by the typhoon, have been restored. Messages are again being received by the Eastern Extension and Great Northern Companies, though the latter notifies that the service is still somewhat hampered and delays are experienced.

Shantung Envoys Fail To Agree On Mines, Salt Fields

(Eastern News Agency)

Peking, August 31.—At the 19th meeting of the First Section of the Sino-Japanese Joint Commission, the following items were discussed:

(1) With regard to the mines question, the Japanese commissioners first presented a letter of refutations regarding the counter-proposal tendered by the Chinese at the last meeting and then the Chinese Commissioners once more refuted the Japanese argument. Views on both sides were reserved and it was finally decided to place the particulars before the sub-committee, which is to deliberate upon the subject. As members of the sub-committee, Mr. Wang Chung-yu and four others, representing China, and Mr. Kimura and four others, representing Japan, have been appointed.

(2) With regard to salt-fields question, the Chinese commissioners explained the reason why they disvow the accounts table of compensation presented by the Japanese commissioners, who then promised to make a reply at the next meeting.

Russ Sugar Workers Won't Even Mention Private Property

(Rosta News Agency)

Moscow, August 23.—The 5th All-Russian Assembly of Workers of Sugar Industry was opened at Karkoff on August 15. Mr. Manulisky reported on the political situation of the Republic and emphasised the extreme interest of the foreign capitalists in getting concessions in sugar industry from Russia. He said, in part, as follows:

"We definitely declare that the restoration of private foreign property in our territory cannot be even mentioned, and concessions may be granted in those branches of industry which the State cannot exploit itself, and such concessions will be granted only on the condition that the capitalists will guarantee to furnish us with credits. The Western concessionaires must know that within our own boundaries they have to obey the laws of the Soviet Republic, and that there is no place for colonial aggrandisement."

With The Tanks At Camp Franklin

Tank Talks to Headquarters

THE U. S. Army tank school at Camp Franklin, Va., recently staged a big show of tanks in action. The photograph shows the headquarters tank fitted with a radio outfit, talking to division headquarters from the scene of the sham battle, some five miles away.

HARBIN TRAMWAY DAMAGE ACTION UP NEXT WEEK

Hearing Tuesday On Tls. 780,000 Claim

The Tls. 780,000 damage action brought against the promotors of the Harbin electric tramways project by the Beckman Linden Corporation, of San Francisco, will come up for hearing in Harbin Tuesday before the Chinese magistrate, sitting with Mr. G. C. Hansen, American Consul, as Assessor.

The tramways, according to the promotion scheme, are stated to have been planned as a six million dollar project and plaintiffs are suing on claims of breach of contract. Mr. F. J. Schuhl, prominent local attorney, is representing the plaintiff firm and has left for Harbin.

Radek, Russ Writer, Tells Why Hague Conference Failed

(Rosta News Agency)

Moscow, August 24.—Referring to the failure of the Hague, Mr. Radek writes: "The transferring of the Russian question from the Genoa political to the Hague experts' conference signified that Lloyd George had handed the helm to the bureaucrats. If the Hague was not expected to solve the Russo-European questions at least it was not expected to aggravate them as it did.

"The Hague discarded the Genoa mask of peace and reconstruction phraseology. If Europe cannot assist us, why attempt to saddle our peasants and workers with heavy burdens? But the capitalists know of other ways, and, failing a general agreement, private deals must be chosen. The Hague closes the front door today, but tomorrow we shall be approached from the back-stairs. Meanwhile, we must strain all efforts to realise the harvest, our task being to stand erect when negotiations recommence. Our position will be even stronger then.

"The Soviet Government has demonstrated its clear conception of the international situation, and, while making all necessary concessions, has defended the interest of the Russian toilers."

Judgment Given On Claim Against American Vessel

Judgment for a claim of wages due was given by Judge C. S. Lobingier of the United States Court for China yesterday against the American barque Ching Pu, sued by the boatswain and carpenter.

The boatswain's claim was for $94.40 and that of the carpenter $92.60. The total amount sued for was $498, the boatswain claiming authority for four sailors and the cook, who are now absent aboard another ship. The Court, however, said that the claim of the absentees could remain pending until their return to Shanghai. Mr. Leonard Hartigan appeared for the men.

BOYD ARRESTED ON CHARGES OF JAIL BREAKING

Defendant In False Pretenses Case Must Face New Trial

On the charge of jail breaking, Ralph S. Boyd, of R. S. Boyd and Co., who has just been tried on the charge of obtaining money under false pretenses, was arrested shortly before noon yesterday. He was taken before Judge C. S. Lobingier of the United States Court for China and was formally charged, the case then being adjourned for a later hearing. Former United States District Attorney C. P. Holcomb appeared for the government in place of District Attorney Leonard Husar, who left yesterday for Harbin on official business.

Boyd broke out of the American jail on July 16 in company with David Lightner, climbing through a hole in the roof. He was recaptured the same day, being located on a yacht on the Pootung side of the river. Lightner was discovered about ten days later aboard a Shipping Board boat and was taken to San Pedro, California, in irons to be turned over to the authorities there and sent to Seattle, where he was wanted.

A decision is expected today or early next week on the case in which Boyd was charged with obtaining money under false pretenses from General Chang, director of the Hunan mint, in connection with a deal in copper ingots.

TUNGCHOW CROP OF COTTON BADLY HIT BY TYPHOON

Reports Of Damage Send Yarn Prices Up Here

The typhoon, it is believed, has done damage to the Tungchow cotton crop to the extent of 20 percent, and the yarn market went up today some three taels. The market is steady.

The Tungchow cotton is considered by Chinese as the standard cotton in China. Daily quotations are given at the cotton exchanges and guilds at Shanghai. The reduction of this year's crop will undoubtedly force the price of all cotton skyward. The local millowners, however, are already buying ahead American cotton to cover themselves in view of the expected increase in price.

SOVIET UNBENDS

(Rosta News Agency)

Moscow, August 26.—The commerce departments of the leading Bourses have resolved to attract the operations of the private traders. Corn and food exchanges are being re-established.

MARKS RATE

(Reuter's Service)

London, August 31.—Marks today went to 7,900 owing to the pessimistic views prevailing in Paris and Berlin, rallying later to 7,200 to the £.

DEFAULT BY GERMANY TO BE SIGNAL FOR ALLIED FORCE

Decisions "Automatically Authorise Sanctions"

BERLIN NERVOUS

Teutons In State Of Great Uncertainty; Banks Hard Hit

(Reuter's Service)

Paris, September 1.—A semi-official elucidation of the reparation decision states that Germany's future default automatically authorises the Allies, either separately or jointly, to apply sanctions.

Berlin, September 1.—Another noteworthy newspaper failure is that of the Cuxhaven Tageblatt, which has been published for 90 years.

Berlin, September 1.—There has been a nervous tension during the past few days and the suspense naturally has not been diminished by the crop of alarmist rumors which has been circulating in the newspapers regarding the Allies intentions.

Endless lines of motor cars and carriages have been drawn up outside the large banks, while there have been crowds inside, some of whom nervously inquiring how the dollar and sterling stands, others seeking to withdraw money to meet end of the month settlement wages etc.

Scenes occurred in several cases when banks were unable to meet requests owing to a scarcity of paper currency, the demand for which the printing works recently have been unable to cope with.

REICHBANK'S PLAN

Managers in attempts to molify customers explained that the Reichbank intended to print higher denominations, probably 100,000 marks in order to ease the technical difficulty occasioned by the present rate of issue, namely 4,000,000,000 marks daily. In the meantime, the banks issue Reichbank cheques in order to evade actual refusal to pay.

A strong force of police had to be requisitioned in the Berlin suburb of Neukoelln today where buyers became exasperated at the hourly increase of prices and wrecked the market stalls.

Paris, August 31.—The British proposal of an unconditional moratorium to Germany to the end of the year was today rejected by the Reparations Commission by two votes to one, France and Belgium being against the proposal. Italy did not vote.

The Commission then unanimously adopted the Belgian resolution postponing discussion of the moratorium demand until the Commission had completed its scheme for the radical reform of German finances but, in order to give time for preparation and execution of these measures, authorising Germany to pay the instalments due to the end of 1922 in six-month Treasury bills backed by agreed guarantees or, failing an agreement regarding these guarantees, by a deposit of gold in a foreign bank acceptable to Belgium, to whom this payment is assigned.

The resolution refers to the fact that Germany has lost all her credit at home and abroad and the mark has fallen to 3-1000 of its value. It specifies that the reform scheme shall provide for the balancing of the budget, monetary reform, the issue of internal and external loans with a view to consolidating the financial situation and also for a reduction of Germany's external obligations if the Governments represented on the Commission previously consent.

TIME NOT OPPORTUNE

The Commission has written to the German Government communicating its decision relative to the moratorium demand, adding that, as at present it considers it inopportune to pronounce upon the German proposals for assuring strict execution of coal and timber deliveries, the Commission reserves the right to demand the enforcement of similar arrangements, if in future such deliveries are not satisfactorily executed.

Paris, August 31.—Herr Schroeder, in the course of his statement to the Reparations Commission, made it clear that the proposed plan with the German in-

(Continued on Page 3)

Forty Imperiled By Bomb Blast

PHOTOGRAPH shows the shattered front of a three-story building in Pawtucket, R. I., occupied by strike breakers and their wives. It is alleged the house was wrecked by a bomb thrown by sympathisers of the striking textile workers. Only one person was injured.

CLEVELAND HERE WITH U. S. MAIL THIS MORNING

Pacific Mail Steamer, Delayed By Typhoon, Brings Many Passengers

Mail from America—950 sacks—will arrive this morning about 11 o'clock by the Pacific Mail steamer President Cleveland, which was due yesterday but was delayed by the typhoon. The Cleveland also brings a long passenger list, 2,300 tons of general cargo and 1,365 bars of bullion for this port. The ship will dock at the China Mershents' Central wharf [illegible] for Manila and Hongkong at 11 a.m. tomorrow.

Following the Cleveland, the next mail from America will arrive on the President McKinley of Admiral Line next Tuesday. The vessel comes from Seattle and was due to leave Yokohama yesterday. She has on board 1,140 sacks of mail, a big passenger list and 2,200 tons of general cargo for this port and will dock at the C. M. Central Wharf.

The China of China Mail, from San Francisco, Honolulu and Yokohama, left Kobe on Thursday night and is due in Shanghai by way of Nagasaki early Monday morning. The liner will dock at the C. M. Central or Lower Wharf and sails for Hongkong direct on Tuesday, as per schedule.

European mail to go on the Cordilliere, of the Messageries Maritimes, may be posted up to 8:30 a.m. Sunday for ordinary and 8 a.m. for registered at the French Post Office. The British and Chinese Post Offices will close for the ordinary matter at 8 a.m. Sunday, registered at 5 p.m. today.

The Cordilliere will sail from its berth at 11:30 a.m. Sunday, nearly 24 hours behind, and the tender with outgoing passengers, will leave the French mail jetty at 9:30 o'clock Sunday morning.

Tang Hesitates To Accept New Post

(Eastern News Agency)

Canton, August 29.—In view of the report emanating from Shanghai that a connection has been effected between Dr. Sun Yat-sen, Marshal Tuan Chi-jui, Marshal Chang Tso-lin and Marshal Tsao Kun, coupled with the fact that the question of Civil Governorship of Kwangtung still remains unsettled, Mr. Tang Shao-yi is now hesitant to assume the post of Director General of the Tupan's Office of Relief Measures for Kwangtung and has not yet definitely expressed his intention whether or not he will accept the post.

Body Of Niitaka's Commander Found

(Eastern News Agency)

Tokio, Sept. 1.—The Naval Department announces today that up to August 30, nineteen bodies of marines from the Niitaka, and also that of Captain Koga, the Commander have been found. With one exception the 16 survivors are on the road to recovery.

TRADE MISSION FROM U. S. DUE HERE SEPT. 10

Party Headed By Assistant Secretary Of Commerce Now In Japan

The American trade relations mission headed by Mr. C. H. Huston, Assistant Secretary of the United States Department of Commerce, will arrive in Shanghai on September 10, according to advices received here yesterday by the American Commercial Attache.

Accompanying Mr. Huston will be Dr. Jam[illegible] Abbott, American Commercial Attache to Japan, and about ten prominent scientists from the American Department of Commerce and Bureau of Fisheries. The party is to tour the Orient in the interests of American trade relations and is travelling on the United States Coast Guard cutter Mojave. Some little alarm was felt for the party's safety last week when the Mojave left Hakodate, heading into the typhoon with only enough oil fuel to make Yokohama at half-speed. The ship left Hakodate on Tuesday and did not reach Yokohama until Friday night.

It is expected that several functions for the entertainment of the mission will be arranged to take place during the stay in Shanghai.

STEAMER CHIHLI GOES AGROUND OUTSIDE AMOY

The Butterfield and Swire steamer Chihli has gone ashore just outside Amoy, supposedly near Dodd Island, according to word received by the local offices of the company yesterday. It is reported that there are 20 feet of water in the vessel's fore hold and that the British warship Magnolia is standing by. No further details have been received. The Chihli is under command of Captain J. M. Clare.

Japanese Soldiers Abusive, Says Chita

(Dalta News Agency)

Chita, August 25.—Report from Nikolaevsk on Amur says that the Japanese are hurriedly preparing for evacuation. They have removed all the barbed-wire fences and destroyed all trenches. The Japanese soldiers behave themselves very provokingly and rudely towards Russian citizens.

U. S. Not To Send Envoys To Russia

(Reuter's Service)

Washington, September 1.—The overtures made to Russia with regard to despatching to Russia a technical commission to survey conditions are officially regarded as closed in consequence of the United States' unwillingness to agree to the terms of the Soviet who asked for a reciprocal exchange of Russian and American commissions of investigation.

TYPHOON TOLL THREE DEAD; BLOW PASSES TO WESTWARD

Japanese Electrocuted, Two Chinese Crushed

OTHERS INJURED

Delayed Ships Are Expected In Today

Taking a toll of three known dead and bringing injuries, mostly of minor sort, to many, besides causing widespread damage by the blowing down of huts, trees, poles, signboards and the like, the typhoon early yesterday morning passed to the Westward of Shanghai and last night was moving in the direction of Chinkiang. There was a rough and squally aftermath to the storm yesterday here and along the coast, but on the whole Shanghai was remarkably fortunate.

The deaths thus far officially enumerated were those of a Japanese youth electrocuted by a falling wire and two Chinese who were crushed by falling walls. Unconfirmed reports of several other deaths among the Chinese have come from Chapei and Nantao. Among the river population no casualties have as yet been notified.

The Japanese victim was Shigern Tsuruzama, 15 year old shop apprentice living at 2201 Woosung Road. He was passing along Woosung Road shortly before 9 p.m. Thursday when struck by the fallen wire and though Japanese doctors administered aid they were unable to resuscitate him.

The toppling of a wall upon the roof of a foundry at 57 Thorne Road caused the instantaneous death of one Chinese and the injury of three others Thursday afternoon at about four o'clock and at about the same time a Chinese was fatally injured by the collapse of a wall in the Hongkew district, dying on the way to St. Luke's Hospital. It is reported that another Chinese was killed by a falling signboard near the Small East Gate, Nantao, Thursday afternoon.

Shipping is still feeling the effects of the storm, further delays in sailings and arrivals being reported, while some anxiety is felt for one or two ships which left port just previous to the blow.

The Pacific Mail steamer President Cleveland, due yesterday morning from San Francisco and Japan ports, will not arrive until this morning, when it is expected to dock at the China Merchants' Central Wharf at about 11 o'clock. The ship's sailing for Manila and Hongkong has been postponed until Sunday at 11 a.m.

The South Manchuria Railway company steamer Saikio, from Tsingtau, due yesterday, is also expected in this morning and it is believed that the Ningpo steamer Hsin Kiangtsen, which stopped in that port to wait out the storm, will reach here this evening.

Three river boats were the only craft to come up the Whangpoo yesterday up to nightfall and sailings were as scanty. It is expected however that schedules may be resumed generally today.

The steamer Hung Fok, which parted one of her anchor chains in the Arsenal Reach Thursday afternoon, and regarding which considerable apprehension was felt, since she is under repairs and had eight men aboard, suffered no further damage and rode out the blow safely.

As a result of the storm the price of rice and such provisions as are mainly brought in by boat rose sharply yesterday. Rice jumped from 15 to 30 cents per picul. Provision prices increased as much as 50 percent in some instances, according to the Chinese press.

The public works departments of both French and International Settlements were busy yesterday clearing away trees and limbs blown down along the various thoroughfares, and householders throughout the city were engaged in repairing fences roofs, awnings, etc., while contractors busied themselves with repairs to their scaffeldings and work buildings.

A final flirt of the typhoon's tail yesterday morning whipped off the gates of seven Chinese dwellings at the corner of Newchang and Kweishow Roads, premises occupied by the Chinese Carpenters' Union.

TAFT GUEST AT DINNER TO KING

Ex-President In Plain Evening Dress—Other Men Wear Knee Breeches

INVITED TO VISIT FRANCE

Obliged To Decline Because Of Semiofficial Nature Of His Trip.

London, Jan. 24 (By Associated Press).—The American Ambassador and Mrs. George Harvey tonight gave a dinner at their residence in honor of King George and Queen Mary. Chief Justice Taft and Mrs. Taft also attended, being seated besides the royal guests.

The King escorted Mrs. Harvey into the dining room, where there were forty covers, while the Queen was escorted by the Ambassador. Owing to the size of the gathering, there were two tables, King George being seated at the head of one and Queen Mary at the other. Mrs. Taft and Mrs. Harvey sat at either side of the King, and their husbands sat besides the Queen.

Besides the Tafts, the American guests were Mr. and Mrs. James M. Beck, Mr. and Mrs. James W. Gerard, Mrs. Whitelaw Reid, Mr. and Mrs. Post Wheeler, Frank A. Munsey, Paul D. Cravath and Mr. and Mrs. Marshall Field. The British guests were Viscount Birkenhead and Lady Birkenhead, Premier Lloyd George and Mrs. Lloyd George, the Duchess of Buckingham, Marchioness Curzon, Earl Balfour, the Countess of Airlie, Viscount Valentia, Viscount and Viscountess Astor, the Right. Rev. Herbert Edward Ryle, Dean of Westminster, and Mrs. Ryle; Lord and Lady Lee, Lady St. Helier, Sir John and Lady Lister-Kaye, Sir Maurice and Lady De Bunsen, Lieut. Col. Erskine, St. Loe Strachey and Mrs. Strachey.

After dinner the American singers, Clarence Whitehill and Miss Marcia Van Dresser, sang a number of songs.

With the Wilson tragedy fresh in mind, the police took amazing precautions to guard the King and Queen, the members of the Cabinet and other prominent personages who attended the American Ambassador's dinner tonight. Groups of Scotland Yard men in every manner of disguise were stationed in doorways, alleys and obscure corners, and fully 300 special detectives patroled the streets for a radius of several blocks from the Harvey residence, almost as much an object of interest as the Wilson home a few doors away.

Hundreds of curious waited outside to catch a glimpse of the distinguished guests. Detectives were on all sides when Premier Lloyd George alighted from his automobile, and the other members of the Cabinet were similarly safeguarded.

The dinner lasted until after midnight, the King and Queen remaining until the end, which is unusual, as the sovereigns were never known to remain to such a late hour at previous dinners. One of the guests, Viscountess Curzon, departed an hour before their majesties.

The scene within the Ambassador's house resembled a glittering spectacle of mid-Victorian days. All the men, with the exception of Chief Justice Taft, were attired in knee breeches, and the British guests carried jeweled swords. Many decorations and foreign insignia were worn, and the Prime Minister and some of his associates arrived in Napoleonic cocked hats.

The women were resplendent in shimmering robes of gold and silver, the Americans vying with their English sisters in the beauty and lavishness of their jewels, diamond tiaras, ropes of pearls and rings of rare beauty. The Queen wore a robe of silver brocade, with gorgeous diamond head-dress.

The King spent some time in talking with Lady Astor of her recent experiences in America. "You have made a splendid liaison officer between the two countries," he smilingly remarked.

The Queen held a miniature court, chatting with Mrs. Harvey, Mrs. Taft and other guests, who congratulated her upon the successful tour and safe return of the Prince of Wales.

Mr. Taft was the guest of honor at a luncheon given by the Earl of Balfour today.

Oxford University has no academic gown large enough to fit the ample proportions of William Howard Taft, so the ex-President yesterday had a tailor take measurements for a new robe in which next Wednesday he will receive the degree of Doctor of Laws.

Mrs. Taft has had a busier social week in London than she ever encountered as Mistress of the White House. What with three audiences with the King and Queen, an endless round of complimentary luncheons, teas and dinners, visits to charity fairs and occasional shopping tours, every minute has been occupied.

The King and Queen have shown the Tafts unusual attention and hospitality. At each of the court functions they have taken the American Chief Justice and his wife aside and chatted with them intimately.

"They have been just lovely to us," Mrs. Taft told the correspondent. "The Queen talked to me quite sisterly and familiarly, and the King exchanged funny stories with Mr. Taft. They gave us a little court all to ourselves. They have a very high regard for America and Americans and asked us many questions that showed the interest with which they are following events in the United States.

Mrs. Taft is thoroughly enjoying her stay in London, but finds prices here much higher than at home, and she is limiting her purchases accordingly. To her friends she has remarked particularly the high prices demanded by the hairdressers, mentioning as instances a charge of $3 for a shampoo and a like amount to have the feathers adjusted in her hair so she could be presented at Court.

Mr. Taft, through Ambassador Harvey, has been invited to visit Paris in the course of his trip abroad. The invitation was sent by Baron d'Estournelles de Constant, member of the French Senate, who is anxous to entertain him on a visit to the French capital. Mr. Taft replied, through the French Ambassador, Colonel De St. Aulaire, expressing warm appreciation of the courtesy and sincere regret that the semi-official character of his visit to London and the necessity of returning soon to America made it impossible for him to proceed to the Continent.

The French Ambassador also delivered to the American Chief Justice a message from Premier Poincare, expressing regret that his official engagements during his recent visit to London and his enforced return to Paris had prevented him from attending the dinner given by the Pilgrims' Society in honor of the former President.

Home After Three Years' Reparations Work

ROLAND W. Boyden has returned to America for the first time in three years. He has been stationed in Paris as America's "unofficial representative" on the Allied Reparations Commission. Mr. Boyden is a member of the Boston Bar.

Steamship Olympic Makes 27.81 Knots

Southampton, July 22 (Associated Press).—The White Star line Olympic, on its voyage from New York to Cherbourg, maintained for several hours a speed of 27.81 knots, which is a world's record for a passenger liner.

The best previous record was that made by the Manchuria on her voyage from New York to Cherbourg last April, when for several hours she maintained a speed of 27.5 knots.

New York, July 23.—The burst of speed made by the Olympic on Friday, according to a cable dispatch received yesterday at the office of the International Mercantile Marine Company, 1 Broadway, was from Lands End, Cornwall, across the English Channel to Cherbourg, a distance of about 190 miles. The weather was fine and the sea smooth, according to the master of the liner, Captain A. E. S. Hambleton, R. N. R., who succeeded Captain Sir Bertram Hayes, D. S. O., when the latter went to the Majestic.

Since the Olympic was converted into an oil burner, two years ago, she has improved in her speed steadily, and her chief engineer, J. D. Thearle, had been confident that he would get the liner up to 26 knots. Her best previous speed was 23.52 knots.

The Olympic's new record exceeds the best speed made by the Majestic on her maiden voyage, which was an average of 27.10 for five hours. When Captain Hambleton took the ship over from Captain Sir Bertram Hayes he said jokingly that he was going to make a new record with her and it has been done.

The record for the Atlantic is 26.06 knots average from New York to Queenstown. From New York to Cherbourg the record is 25.14 knots for the voyage.

FOR REMOVING SUPERFLUOUS HAIR.

No woman who has any sense of beauty will deny that superfluous hair is one of the greatest drawbacks to good looks.

Realising this, women of all times have put themselves to any expense, and have endured considerable pain and discomfort in order to rid themselves of this great disfigurement.

Nowadays electrolysis is a prevalent "cure" for this evil, but in reality this process involves a great deal of unnecessary expense, waste of time and pain.

The simplest quickest, and most effective treatment can easily be carried out by any sufferer, in the privacy of her home. This is the recipe:

Procure about 1 oz. powdered pheminol from your chemist; mix a sufficient quantity with a few drops of water into a stiff paste. Apply this carefuly and thoroughly to the hair you wish to remove, and allow the paste to dry. In a few minutes it can be gently scraped away. The skin is left absolutely free from hair, and should then be carefully washed in warm water, and if desired, lightly dusted with a little talcum powder. (Advt.)

Traders Urge Passport Cuts

(Continued from Page 1)

passport service is a proper basis for exacting revenue from American citizens.

As a result of their agitation, Representative Mills has introduced H. R. Bill No. 12235, providing for the reduction in passport fees to Gold $5.00. Such a passport would be valid for two years and would be subject to four renewals of two years each at a charge of Gold $2.00 for each renewal. The fee for viseing passports is reduced from Gold $10.00 to Gold $2.00, with the proviso that the Secretary of State can raise it where the alien's country charges American citizens more for a vise.

About one year ago a representative of the Department of State appeared before a congressional sub-committee and stated that the cost of operating the entire passport service of the United States for a single year amounted to approximately $150,000 and that during the same period the income from passports, under the advanced charge, was more than $6,000,000. It is apparent that if the fees for issuing and viseing were both reduced to Gold $2.00, the present bill, however, reducing passport fees only to Gold $5.00 or one fifth of the amount now assessed, the revenue thereby obtained for the United States would still amount to more than a million dollars. Under his measure, the passport service will not only pay for itself completely but will leave a material profit for the Government.

Secretary of State Hughes has expressed himself in favor of this Bill and it would seem to go without saying that every American in China would be heartily pleased by the saving that it would mean to them. It is difficult to see why the comparatively small group of travelling Americans should provide such a disproportionately large income to the Government in addition to paying the regular taxes. The reporting of the Bill is in charge of the Chairman of the House Committee on Foreign Affairs, Hon. Stephen G. Porter.

CABINET CRISIS CONTINUES; LI TO GO TO TIENTSIN

Dr. Wang Chung-hui Announces He Is "Through"

(Dah Tong News Bureau)

Peking, September 1.—In connection with the trouble at the Hanyang Arsenal reports have reached Tuchun Hsiao Yao-nan to the effect that the trouble was started as a result of the machinations of Admiral Tang Hsiang-ming, the Civil Governor of Hupeh who was appointed by mandate but who was prevented by Tuchun Hsiao from assuming his post. As a result of his report the Chihli military leaders have telegraphed to Peking in connection with the matter and President Li Yuan-hung has requested General Wu Pei-fu to mediate.

Dr. Wang Chung-hui, Premier and Minister of Education, has issued a statement announcing that, as from today, he refuses to assume responsibility for the Cabinet duties. General Chang-Shou-tseng, Minister of War and supporter of General Wu Pei-fu, Dr. Wellington Koo, Minister of Foreign Affairs, and Dr. W. W. Yen, former acting Premier, have declined to form Cabinets, hence President Li is making preparations to leave for Tientsin.

The House of Representatives is unable to hold its sittings on account of the activities of the southern "constitutional" Parliamentarians in demanding entrance. Mr. Wu Ching-lien, the chairman, has made unsuccessful attempts to mediate.

General Wu Pei-fu is reported to have suggested that if General Tsao Kun joins hands with General Chang Tso-lin, he should first consider joining hands with Dr. Sun Yat-sen, for by joining hands with the latter there is hope for unification with the southern provinces, but if Tsao unites with Chang it is like inviting a tiger to eat him." As a result of this conversation General Tsao has changed his attitude and has ceased negotiations with Chang. In the meantime Tsao is increasing his troops.

General Wu Pei-fu again announces his support of a Cabinet formed by General Chang Shou-tseng, his lieutenant, but at the same time approves of the scheme of appointing Mr. Sun Hung-yi to the post. The latter is done with a view to concealing his opposition to Dr. Wang Chung-hui. Tuchun Chi Shih-yuan of Kiangsu has telegraphed to the Government requesting that Chang be invited to form a Cabinet. The other Chihli Tuchuns have also expressed their support of Chang, and a Chang Cabinet is now in sight.

General Chao Heng-ti, Tuchun of Hunan, has expressed his approval of the plan to transfer General Chang Fu-lai's 24th Division back to Yochow to be prepared against General Lu Teh-ping and General Chen Chia-yu. It is understood that Chang has secretly left Chengchow for Yochow.

RUSSIAN SINGERS GIVE CONCERT AT OLYMPIC TONIGHT

Russian artists who come to Shanghai highly commended from other cities are giving a concert this evening at the Olympic Theater.

Those appearing are Mr. Basil Lukanin, bass, whose voice is compared with the great Shalyapin by critics at Harbin; Mme. Alpert Rosanova, soprano, and Mme. Ignatiev, pianist, of the Petrograd Conservatory.

The program which has been arranged promises much for lovers of operatic music, including the aria from Faust and selections from the Barber of Seville, Tosca, Carmen, Cavalleria de Rusticana and other famous operas.

Faithful Forbidden To Read Anatole France

Paris, July 7.—Pope Pius has banned the complete works of Anatole France by placing them upon the Index Expurgatorius.

This means that members of the Roman Catholic Church the world over may not read the French writer and philosopher.

The opinion in Paris is that there will be an unprecedented rush for France's new book, "The Swallow Under the Roof," and that the Vatican could not have evolved a surer way of popularising him.

There is some mystery as to the reasons underlying the ban. All of France's writings that could be termed anti-clerical were published years ago, most of them back in the nineties. "Penguin Island" and "The Revolt of the Angeles," considered his masterpieces of satire, have been sold in English and other translations since 1914.

Real Estate For Sale

Full particulars concerning the following three pieces of property given if you will call at our office.

NORTH SZECHUEN ROAD—43 mow of land North Szechuen Road frontage. One-half unimproved, the remainder including residence buildings etc.

RUE PERE ROBERT—regular shaped corner lot contining 50 mow of land. No buildings. Desirable location.

NEAR NORTH SZECHUEN ROAD—9 mow of land on Paoshan Road. Frontage on railway track and Yue Ching Poo Creek.

(No. 17 of a series)

"Life insurance doesn't appeal to me—I can invest my money to better advantage."

"IF you can use your money to better advantage that represents ability which should be underwritten; your family probably could not invest in anything better, considering safety and certainty, than in insurance. It will protect the valuable asset that they have in your ability.

"FURTHERMORE, the investment feature of life insurance, while good, does not tell the whole story. Life insurance gives peace of mind because it has enabled you to create an estate immediately that would have taken you years to accumulate—it makes possible the realisation of your life's objectives if you should happen to be taken away prematurely. Considering the question from all sides, can you invest your money to better advantage?"

PROSPECTS OF BIG RUSS WAR FLEET WORRIES EUROPE

German Manned Ships New Spectre For Statesmen

(China Press Service)

London, August 31.—A Germanised Russian navy is one of the many European spectres that is worrying those who are thinking about the next war.

Soviet Russia has ships, arsenals and navy yards, and all of this unhampered by any restrictions laid down by the Washington conference.

Germany has a trained naval personnel, capable of administering the Russian navy with an efficiency and technique which it has never known.

The Russian fleet reported to have been rapidly deteriorating since 1917, now is said to be in such condition that it might be rapidly made ready for active service. German naval artisans are regarded as thoroughly competent to do this work.

In 1917 there was a considerable number of ships of all types under construction in Russia, but these have never been completed. With the aid of German brains these vessels might now be completed, and while the Russian fleet would not be considered as most modern, it would be far from obsolete and would offer a formidable naval opponent to any power upon the seas.

The following table shows the present strength of the Russian fleet, which is divided between the Baltic and Black Seas, with small forces in the White Sea and on the Caspian:

Pre-dreadnoughts—Eight, four with damaged engines.

Dreadnoughts—Five, one uncompleted.

Battle cruisers—Four, all incomplete.

Cruisers—Eight, one damaged.

Light cruiers—Nine, eight incomplete.

Destroyers—One hundred and eight, twenty incomplete.

Submarines—Forty-three.

Attempt is now being made by the Soviet authorities to restore the discipline of the fleet and to put it on the same basis which prevailed before the revolution. Officers now have separate quarters and respect for rank is being demanded.

The Russian fleet is organised in four commands—Baltic, Black Sea, White Sea and Caspian. Each division is under a separate command and there is a political commissar in charge of education attached to every unit.

There is a general awakening of interest in naval affairs on the part of the Russians, according to wellfounded reports here, and this new interest is attended by indications that the Soviet authorities are attempting to create anew the Russian naval strength.

A combination of Russian naval resources and German skill might produce a menace to the present international naval balance, arranged at the Washington conference.

British naval intelligence authorities are keeping a watchful eye upon Russia's naval activities and when Russia finally comes into the community of nations it is certain that she will be asked to make some pledges with regard to her future naval activities.

Revolver Experts Compete This Month

Revolver competitions of the Shanghai Miniature Rifle and Revolver Club for the Experts and Marksman's class will be held during September. Competition calls for 20 shots to be fired within 5 minutes at 15, 20 and 25 yards. Targets with 2 inch inner and 4 inch outer bulls eye used. Highest score in experts class receives a silver bar and highest score in Marksman class the experts silver medal. The following passed the preliminary test and will complete in Marksmans class in future competitions.

Mr. J. Walker will umpire.

Europe Deaf To Plea For Disarmament, Says Soviet

Moscow, Aug. 10.—At the Genoa Conference Soviet Russia proposed general disarmament which was rejected by the capitalist representatives, says Karl Radek. Now it turns to the Border States with the proposal to effect a partial disarmament. This is another unequivocal proof of the true nature of the policy pursued by our Workers' and Peasants' Government—a policy of peace.

From that moment on, when the working masses of Russia showed the proletariat of the world that they were able to take care of themselves in the face of the bayonets of imperialistic intervention and the Russian White Guards, the capitalistic press throughout the world began to shout about the "imperialistic" Soviets. The lackey of the bourgeoisie, the Social Democratic press of all shades, took up the cry of their masters' and in the name of pacifism and in the interests of "working class," they began to rave against the "imperialistic" policy of Soviet Russia. For two and a half years "the little semi-liberal fools of the English Labor Party," of MacDonald's cut, and the Kaiser "Socialists," who all through the war tried to justify every cruelty and beastiality committed by English and German imperialism, together with those jelly-fish "Marxists," shouted about the "red Militarism" of Soviet Russia, pointing out in a professorial manner that a bayonet is a bayonet, whether it serves to defend or to kill the working masses.

At the Genoa Conference, the Soviet Government delivered a hard blow at the bourgeoisie and its lackeys, by its proposal to include the question of disarmament in the order of the day. This was not a mere manoeuver of the Soviet Government to unmask its enemies, It was a step necessitated by the most vital interests of the Peasants' and Workers' of Russia. We desire to concentrate all the energy of the workers and peasants upon constructive, peaceful work, in order to be able as soon as possible to restore our economic household that was destroyed by the imperialistic war, by intervention, and by the blockade. But we cannot possibly disarm ourselves, so long as the capitalists refuse to disarm themselves also. If Europe were to disarm by international agreement, Soviet Russia would then be able to concentrate all its energy on constructive peace work, being fully convinced that the working classes of the other countries will be capable to take care of their ruling classes by themselves. Any reduction of armament, however small, would be a step forward, for it would permit us to strengthen our economic position, thus making it possible for us to show the great masses at home and abroad how great the creative powers of the working class really are.

But our proposal was not well received by the representatives of the capitalistic government. The first one to protest was M. Barthou, the representative of the same imperialism which, through its mouth-piece at the Washington Conference, M. Briand tried to justify the existence of a million-strong French army, with the existence of the Red Army. But even Lloyd George, who declared that our proposal was a very fair one, and that the household of Europe cannot possibly be restored with a reduction of armaments, had in mind not the disarmament of England, but the disarmament of France.

In all cases, English imperialism insists upon the right to keep a large navy, which according to English Government officials, is to serve only as a means of keeping England in touch with her colonies that are strewn all over the world. English imperialism does not command a large land-army; and for this reason, it favors the disarmament of France, or the reduction of its military forces, with which it is in competition for the hegemony of Europe.

Berlin Daily May Quit Publication

WORLD'S FATE IN GERMAN MARK

Oscar Crosby, Back From Europe, Warns Of Menace In Flood Of Paper Money

New York, July 23.—Among first cabin passengers who arrived yesterday from Havre on the French liner France was Oscar T. Crosby, who was assistant Secretary of the Treasury under President Wilson, and had charge of the $10,000,000,000 loan to the Allies. He has been on a tour of France and Germany, and is returning to be Chairman of the "Round Table" conferences on world conditions to be held at the meeting of the Institute of Politics at Williamstown, Mass., July 28. Speaking of the deflation of currency in Europe, Mr. Crosby said:

"The German mark is the most serious factor in world progress today. Its importance and the danger it represents cannot be overestimated. The fate of the world may be said to depend on the fate of the German mark. The flood of printing press money has burst the bounds of all reason and cannot be stopped. But it must be stopped, because when credit becomes worthless then there is nothing worth anything.

"Much has been said of the commercial and industrial activity of the Germans since the war. It is almost all true. But the Germans are spending their money as fast as they get it and are living from hand to mouth. Except a few fortunate individuals, no one is saying anything. The people are desperate and facing starvation and no one can tell what will occur under such conditions.

"It is not altogether a result of the war. Even before 1914 the Germans had what they called soft money, and the evil lesson that it would suffice has been their undoing."

Roland W. Boyden, the unofficial representative of the United States in the Allied Reparation Commission, returned on the France for a six weeks' vacation after an absence of two years. He will go at once to Boston, then to Washington to make his report.

Captain George Thenault, who for a time was in command of the Lafayette Escadrille early in the war, also arrived on his way to Washington, as Military Attache to the French Embassy.

German Default May Bring Force

(Continued from Page 1)

dustrialists for timber and coal deliveries to the Allies was conditional upon the grant of a moratorium until December 31.

Germany proposed that direct arrangements be made between the Allied recipients and the firms represented by Herren Stinnes, Lubsen, Klockner and Silverberg.

Herr Schroeder mentioned that the receipts from customs taxes during 1922, which the Finance Minister, Herr Hermes, during the May negotiations had estimated would produce 148,000,000,000 paper marks, were now likely to pan out at 210,000,000,000 and thus the German Government would be able to dispose of a larger sum.

He emphasised the vital necessity for the restoration of confidence in the mark. The collapse of exchange, Herr Schroeder concluded, had forced the proposed extension for the time of payment.

The German delegate's plans are badly received by the newspapers. The Journal says that at the close of the conference "deadlock" was written all over the faces of the reparations delegates.

It believes that little more will be heard of the scheme and anticipates a momentous decision today.

ORDERS ANSWER FILED IN ACTION OVER SECURITIES

Suit Against Andersen And Company Up In U. S. Court

After a hearing in the United States Court for China yesterday morning Judge C. S. Lobingier ordered the filing of an answer by attorneys for Messrs. Andersen and Co., in respect to an action brought against them by a Chinese complainant, Mr. King.

Mr. Sterling Fessenden, for the defendant said that the only petition on file was a bill of equity asking for an injunction restraining the sale of certain securities, and asked that the Court take testimony and grant the restraint. It was held that a restraining order would not be granted until an amendment was filed. Mr. Fessenden submitted that unless Mr. J. W. Schoenfeld, counsel for Mr. King, was prepared to put in an amendment to his petition it was impossible to go on with the trial of the suit.

Mr. Schoenfeld remarked that when the motion came up Mr. F. J. Schuhl who then appeared made the application, and Mr. Fessenden said he had no authority to appear. Mr. Schoenfeld got judgment for default. Certain facts were admitted. The defendants were out of the jurisdiction of the Court. He had no property and he had ceased to do business. His attorneys did not exactly know where they stood, said Mr. Schoenfeld. The defendant was in possession of title deeds, of real estate valued at $50,000. The plaintiff was a compradore and as the Court knew, compradores, in order to secure their position have to put up security, and these securities were his client's stock-in-trade, and without them he could not continue his business.

Mr. Schoenfeld submitted that his client should hold these title deeds, and if the defendant had any claim against the plaintiff surely the time that has elapsed since the filing of this suit, should have been long enought to enable the defendant to come forward with his claim. On June 3 the defendant made a claim for $3,000 and threatened to institute legal proceedings if that amount was not paid up. According to Mr. Schoenfeld the plaintiff's case was that his statement of claim would show that he had to get $2,000, and certainly the defendant if he has a claim of $40,000 could have enforced it. The relief that the plaintiff was asking for a temporary injunction on the defendant to return those title deeds.

Mr. Fessenden replied that Mr. Schoenfeld's submission was not correct. Mr. Schuhl was pressed to go into arbitration and negotiations were carried on. Mr. Schoenfeld had written to say that his client admitted the sum of $30,000. The submission to arbitration was made when Mr. Fessenden was leaving for the United States. The parties did not go to arbitration.

Judge Lobingier enquired whether there was any consideration for the arbitrators, and was informed there were several appointments and the parties could not agree. The probabilities were they might have arrived at a settlement. There was a claim of Andersen against the compradore for $50,000, and it might probably be reduced to $20,000 by the institution of another claim. Andersen still maintained an office in Shanghai although it was true that the company was in liquidation in America.

After a long discussion Judge Lobingier agreed to give the defendant a week's time to make answer to the petition of the plaintiff.

Swatow Typhoon Film

An interesting film, made by Pathe Freres, depicting the destruction of the Swatow typhoon was given a private showing yesterday afternoon and will shortly claim the interest of local theater-goers.

Resembling one of the old war pictures of a terrific bombardment in France the Swatow picture shows how much more devastating the unbridled forces of nature can be. Rows of houses torn from their foundations like so much matchwood, a fireplace and a few cooking pots strewn around were the remains of what had been homes. Ships are shown lifted from their mooring as if by the hand of some fabled giant and hurled far inland among crags and rocks, with their rudders torn off and sides stove in. The cinematographer could not lie in his pictures of the awful catastrophe.

The fearful loss of human life was shown by the countless numbers of coffins piled along what once had been streets and waiting for their inmates. Grave diggers were busy at work, interring the victims.

The work of reconstruction has commenced. The Chinese have already started on the great task of rebuilding their homes and buildings to slowly bring order out of chaos.

S. N. Watt, a British subject residing at No. 3340, Negishi, Yokohama, has been arrested, says the Japan Times, upon a charge of having unlawfully applied shares of the Sagami Spinning Mill, the Teikoku Sugar Refining Co. and other concerns valued at Y.300,000. The shares, it is alleged, were given for the purpose of re-writing by A. P. Scott and 12 other foreign residents of Yokohama. Watt is charged with using the shares to meet his own personal liabilities with the Watanabe Bank in Yokohama.

Four Chinese students will sail for Germany on the French Mail steamer, Cordilliere, which is scheduled to leave its berth tomorrow morning at 11.30 o'clock. Of these, two will take engineering courses, a third will take medicine while the other will study chemical engineering.

* * *

General Ma Liang, author of many books on Chinese gymnastics, will be host at a tiffin to be given to local journalists today at the Great Eastern Hotel. He is here in connection with the membership campaign of the China Society of Military Arts.

* * *

A conference of delegates of the Chinese Chambers of Commerce throughout the country will be held in Hankow on October 10. Invitations to the conference were issued on behalf of the conference. Last year, the conference was held here.

* * *

After 30 meetings, the Tariff Revision Commission terminated its business yesterday at a meeting held at the Chinese Chamber of Commerce and presided over by the chairman, Admiral Tsai Ting-kan. Only few delegates were present on account of the typhoon. A final formal meeting of the delegates will be held shortly, after which the commission will break up and make their official reports to their respective governments.

* * *

The Chinese Journalists' Club will hold its monthly tiffin at the Ling Nan Lou Restaurant, Foochow Road, tomorrow at noon.

* * *

The police has warned the staff of the Amalgamated Street Unions to hold no meetings at its headquarters tomorrow afternoon. Plans were made by the officers of the Streets Unions and representatives of more than 100 local bodies to meet there tomorrow for the purposes of preparing for the holding of joint reception in honor of Dr. Sun Yat-sen.

* * *

A wharf coolie who stole three packets of soap from the steamer Yudien, lying at the China Merchants' lower wharf, was sentenced to a week's imprisonment by the Mixed Court yesterday.

* * *

A Chinese who stated that he was a runner for the Yangchow Magistrate was sentenced to two weeks' imprisonment by the Mixed Court yesterday for attempting to arrest another Chinese at 1064 Gordon Road without first obtaining the authority of the local officials. A revolver which he had in his possession was ordered confiscated.

* * *

An inquest was begun yesterday over the body of a Chinese child of about 7 years of age who was killed by a motor car in Jessfield Thursday.

DEPUTY SHOT

(Reuter's Service)

Mexico City, September 1.—A co-operationist Deputy, Mr. Lemus, was shot dead today in the Parliamentary Lobby. An Independent Deputy, Mr. Barragan, is charged with the deed. The shooting, it is alleged, followed a dispute over their respective right to represent the state of Michoacaan.

Engineering Society To Elect New Council At Meeting Tuesday

The annual general meeting of the Engineering Society of China will be held next Tuesday at 5:30 p.m. in the South Room of the Shanghai Club.

The business to come before the meeting includes the presentation of the report of the Council, submission of the statement of accounts, election of the Council for 1922-1923 and whatever matters of general interest which may be brought up. The following nominations for the Council have been received to date: President, Mr. F. B. Pitcairn; Vice-Presidents, Mr. C. Luthy and Mr. E. C. Stocker; Members of Council, Messrs. A. W. Brankston, C. S. Taylor, E. T. Forestier, J. A. Ely, I. V. Wah, and L. Tweedie Stodart.

"Summer Follies"

The Tenth Edition of the "Summer Follies," featuring Irene Gray, the Four Lantzoffs, Elvira Petty, Hamilton and Mills and Carolyn Mason, begins at the Del Monte Cafe tonight. New songs and dances by these popular entertainers are announced.

Commandant, S. V. C.

Chekiang Wires Peking For Aid

(Reuter's Pacific Service)

Peking, August 29.—The Civil Governor of Chekiang, Mr. Shen Chin-chien, is said to have telegraphed the President and Cabinet reporting serious damage from storm and flood in the southern and coastal districts of his province. He requests a grant of $50,000 for relief purposes.

How to Prevent Seasickness

"KIRBY'S Sea-Sick Cure," a Simple, Safe Remedy, Stops All Motion Nausea and Sickness.

It is now admitted by doctors that the most effective remedy for seasickness, trainsickness, climber's dizziness, mental nausea and all forms of motion sickness, is "KIRBY'S Sea-Sick Cure." The most severe tests have shown it to be infallible. It produces no depression or disagreeable after effects, it is free from opiates, bromides, chloral and noxious drugs. It stops vomiting and nausea almost instantly, stops the headaches which usually follow, and permits the patient to eat freely and continue the voyage in comfort.

Sold by all Dispensaries at $1.50 a box of 10 doses.

W.H.C. SUPER-DURABLE FLAT PAINT

FLAT WALL FINISH

A perfect Paint of smooth surface for Interior Wall Coating

The surface obtainable with this paint is smooth and flat, i.e., it is free from graininess, dead, lifeless finish, but of a velvety texture. It dries in a reasonably quick time, so that work can be carried out effectively, yet has the property of remaining open long enough to enable the worker to cover a large surface of wall without making laps or edges.

Excellent results with Super Durable Flat Finish are easily obtained, irrespective of the skill of the user, and an elaborate preparation of the surface is usually quite unnecessary.

Super Durable Flat Finish has been tried on non-absorbent surfaces of all kinds and where distemper and oil paint have proved prone to shall or flake off, it has always adhered. It gives a lasting finish of surpassing beauty.

1 Imperial Gallon covers about 130 square yards one coat.

GOLDMAN AND BROWN BREAK RECORDS AT 17TH ANNUAL GALA OF S'HAI ROWING CLUB

ormer Sets New Mark In Heave Of Polo Ball; Latter Stars In Quarter Mile

Two Shanghai swimming championships fell at the 17th annual swimming gala of the Shanghai owing Club last night. L. oldman established the best ecord ever set for an indoor ow of the water polo ball ith a heave of 75 feet 4 inches, nd C. N. Brown set a new mark for the quarter mile swim with a time of 6:26 4-5. The best previous mark for throwing the ball, made out of doors, with no low rafters to interfere was ade 12 years ago by R. W. acCabe. His distance was 78 et. MacCabe's winning throw n the interport meet at Hongong last year was 74 feet. The est previous Shanghai time for n quarter mile was 6:32 3-5 ade by R. A. Berthet in 1914. his distance was done in last ear's interport by Johnstone of ongkong in 58 2-5.

Last night's first night of the owing Club's gala was well ttended, and each event had any competitors. The first vent, a One-Length Boy Members Handicap was scratched due o the illness of two of the ontrants and the marooning of a hird at Pootoo because of the yphoon. The Life Saving race as a very close event, with Berthet and Huxley barely winning. Brodie and Brown swam a dead heat for the Club 100 Yard hampionship in :63 3-5. Brodie eat Brown at the jump-off, nd might have had the ace at the finish, though dead heat was a very fair decision. The time was 1-5 of a econd slower than Fetherstonaugh's effort a year ago.

In the Long Plunge Watton won on his handicap of 8 feet. is best effort was 56' feet 8 nches, his next best 51 feet 10 nches, and his poorest 49 feet 9 nches. Barnes, who finished econd had a 10 foot handicap. is best effort was 56 feet 8 nches, his next best 38 feet 9 nches. Bell ad a handicap of 16 feet plunged 41 feet. Fetherstonhaugh, the scratch man plunged the furthest with a 61 foot and a 59 feet 6 inch try. Berthet, the other scratch man did 56 feet and 53 feet 8 inches.

The results follows:

Event 1—One Length Boy Members' Handicap—scratched.

Event 2, Life Saving Race, Two Lengths—Berthet and Huxley won, Krygsman and L. G. Day second. Time-1:17 1-7.

Event 3, 100 Yards Club Championship—E. A. Brodie and C. N. Brodie, dead heat. Time-:63 3-5.

Event 4, Long Plunge handicap—W. H. W. Watton, 8 ft, 56 ft 8 in, won; E. G. Barnes, 10 ft, 64 ft, second; G. H. Bell, 16 ft, 63 ft, third.

Event 5, One Length Naval Race—E. King won; W. G. Sandell second; J. Pullen third. Time :22 1-5.

Event 6, Throwing Polo Ball, (Shanghai Championship)—L. Goldman, 75 ft 4 in. won; R. W. MacCabe 68 ft, second; R. A. Barthet, 55 ft 2 in., third; A. Remedios, 51 ft 6 in. third.

Event 7, One Length handicap, Final—H. H. Nash 4 secs won; E. A. Brodie 1 sec. second; L. A. Lewis, 5 secs, third. Time-:19 1-5 Brodie's net time :17 1-5.

Event 8, 440 yard Shanghai Championship—C. N. Brown won, R. W. MacCabe second. Time-6:26 4-5.

Event 9, Two Lengths Breast Stroke handicap—J. Huxley 6 secs won; J. Krygsman, 6 secs, second; G. A. Johnston, 6 seconds, third. Time-:58 3-5.

Event 10, Club Diving Championship (Spring Board) first stage—C. N. Brown 104 1-2 pts, E. A. Brodie 104 1-2 pts, A. P. Goldman 104 pts, L. Goldman 99 1-2 pts, J. B. Brown 93 1-2 pts, R. A. Berthet 93 1-2 pts.

Event 11, Club Team Race—Brodie won with L. Goldman, H. H. Nash, Krygsman and McCarthy; A. P. Goldman was second with J. B. Brown, G. A. Johnston, W. G. Johns and L. G. Lewis; Fetherstonhaugh was third with C. E. Kline, R. L. Evans, L. G. Day, J. Huxley; C. N. Brown was fourth with R. A. Berthet, A. A. Martin, G. H. Bell, and L. Cropley. Time—1:38 4-5 for five lengths.

A water polo match completed the program.

The program for tonight follows:

Event 1, Obstacle Race.

Event 2, Ladies and Boys Diving (Handicap).

Event 3, 100 yards Shanghai Championship.

Event 4, Throwing the Polo Ball (Handicap).

Event 5, One Length Ladies Race.

Event 6, Club Diving Championship (steps).

Event 7, Two Lengths Handicap Final.

Event 8, 100 yards Breast Stroke Shanghai Championship.

Event 9, Blindfolded Race.

Event 10, Team Race; S.R.C. vs. S.I.S.C.

Event 11, Water Polo: Interport Probables vs. Possibles.

SAYS "BUGS" Baer:

GINK PULLS A NEW DECISION

Incorruptible Umpire Calls An Infield Runner Safe On A Gambler's Choice

Mon Homme:

As an umpire Gink Fowler was sandwich filled that would have fooled any mouse. I knew him when he played rear base for the Hottentots.

They wanted to make him emergency bat boy but he wasn't fast enough.

He would have been a ham in any smokehouse.

He used to call a strike and the militia with one breath.

If he was an umpire then lollypops are concealed dangerous weapons and Eskimo Pie is threat instead of an invitation.

CHUCK CHAMBERS

Of Pittsburgh, a Good Man's Town.

Chuck and Pittsburgh are like Gink Fowler and Roughtown. Gink also boasted of his old town, but Roughtown didn't boast of him.

Before we mention any more cities we must have the names of three reputable boozeleggers and also a self-addressed envelope for a return insult.

As a matter of ill-assorted facts, Gink was not a good umpire. He didn't claim to be the best umpire who ever collected a stone quarry on each decision. His judgment of strikes was very slippery and he called many a fielder safe on a gambler's choice.

But he was the only man in fourteen States and associated panics who had the inflammable nerve to step out there and defy the works, man to man, tooth to tooth and boot to boot.

He was only in on a rain check but he was gamer than a crocodile's tail. What he said went.

Yes sir. What Gink said went. And Gink went with it.

When he called a strike a strike he was ready to strike with it.

When he called a balk an out he was ready to go out with it.

When he called an out a run he was ready to run with it.

Greater gifts hath no man that he be ready to loop the loop for a friend. Gink held the records for overland decisions, and many a ball game he changed into an Australian pursuit race. But folks loved him and patted him on the back with anything within reach.

He was so bad he was good. He never asked Congress to appropriate millions for good roads. Any road looked good to Gink after a decision.

Like Peter Pan, he never grew up. Although he dressed in adult uniforms, his youthful brain was always playing marbles.

Sport Program For Today

BASEBALL

Shanghai vs. Peking Marines, 3:30 p.m.

CRICKET

Machine Gunners vs. Recs, S. C. C. field, 1:30 p.m.

S. C. C. "A" vs. S. C. C. "B," Recs grounds, 2 p.m.

S. C. C. XI vs. Parsees 2:30 p.m.

Portuguese vs. Parsees, P. S. A. grounds 2:30 p.m.

Police vs. Trollope Colls, Police field, 3 p.m.

S.R.A. TO HOLD TWO SHOOTING CLASSICS TODAY

First stages of two open shooting classics of the Shanghai Rifle Association, the Shanghai British .303 Rifle competition and the Arethusa Cup competition will be shot off concurrently this afternoon on the Rifle Range commencing at 2 o'clock. The .303 shoot will have its second stage tomorrow commencing at 3 p.m. and its third Monday commencing at 6:15.

The .303 shoot will be on 200, 500 and 600 yard ranges, with seven scoring shots at each range, and a highest possible score of 105. A gold cross will go to the winner, a silver cross to the second best shot, and a bronze cross to holder of third score. Two cups will be presented to fourth and fifth competitors, and a special prize to the men netting the highest aggregate scores at the end of each day's shooting.

The same ranges will apply in the Arethusa Cup shoot—200, 500 and 600 yards. One sighting and seven scoring shots will be allowed on each range. Any authorised military weapons and service ammunition of any country may be used. The trophy at stake is to be held by the winner for one year.

PEKING MARINES ARRIVE; OPEN 6-GAME SERIES WITH SHANGHAI THIS AFTERNOON

Games Will Decide The Title For All Of China; The Odds Are Even

The Peking Marines baseball squad, representing the best talent in North China arrivsd here last night, fifteen or more strong, for a six game series with the local team. The first game will be played this afternoon if the rain holds off and the grounds dry out sufficiently to permit play. The teams will play again tomorrow, Tuesday, Thursday, and on next Saturday and Sunday. The Championship of China is at stake in the coming series. The games will also mark the closing of the 1922 baseball season.

It is difficult to dope out the coming series between Shanghai and the visitors. Shanghai has beaten everything that came within reach this year excepting the Fort Mills aggregation, whereas the Marines have a record of trimming the Philippines champions two games out of three. There were circumstances up North however which prevented the Fort Mills nine from playing the high class ball that they showed here against Galiep's men, so that the comparison may easily be eliminated in the figuring.

The 15th Infantry at Tientsin also won over the Fort Mills nine two games out of three, but in their five game series with the Marines they lost three, and the title for North China as well. Major W. Dent, the baseball officer in charge of the Fort Mills nine, who by the way is an old time baseballer whose opinion is worth much, stated before leaving here that Shanghai was even up with Peking, and had a shade on Tientsin. The series, he said, and he spoke from first hand knowledge, should be a hummer.

Shanghai players since trimming Meiji University have been laying off the game, due chiefly to the typhoon weather, but they can not have suffered any through in action. The players had been on a long and hard strain for some weeks, so that a few days rest was very acceptable. Kingman or Maloney will probably hurl today, with John Scott working tomorrow afternoon.

The games today and tomorrow commence at 3:30 o'clock.

Exchange Market

In their weekly report on the exchange market, Messrs. Maitland, Fearon and Brand write as follows:

Exchange:—Since our last circular the spot and forward price of bar silver in London has risen 3/8d. to 35 1/16, the market being reported quiet and steady. T.T. on London after having advanced from 3s. 5d. to 3s. 5 1/2d. receded this morning to 3s. 5 1/4d., but 3s. 5 1/2d. for near and 3s. 5 5/8d. for forward delivery was being freely offered. T.T. on America is being quoted at 77 3/8, and possibly 77 1/2 for forward.

Throughout the week the tone of the market has been fairly steady, principally due to moderate sales of T.T. by Dalny merchants and local speculators. Speaking generally the exchange market is still very dull and inactive, and trade shows little or no signs of improvement.

Our stocks of silver are reported as follows:-

Sycee and Bar Silver Tls. 40,650,000, a decrease of Tls. 99,000.

Chinese and Mexican Dollars $33,920,000, a decrease of $330,000.

Estimated value Tls. 65,030,000 as against Tls. 44,800,000 held at this time last year.

How The Little Old WISE Man Supplied Them With a COOK

MARIA! WHAT IN THE WORLD WE GONNA DO TO GET ANOTHER COOK?
'S GETTING AWFUL, ISN'T IT
I'M AT MY WITS END—
USE THE PAPER, MY DEARS! IF THE RIGHT KIND OF LITTLE AD IN THE HELP WANTED COLUMN CAN'T DO IT—NOTHING CAN!
YA, SEND ER THRU TH MAIL QUICK AS YA CAN—AN' HERES HOPIN' IT DOES SOMETHING!
WANT ADS TAKEN HERE
WELL, WELL, WELL, WELL! NOW WHO'D A BELIEVED IT—SURE PAYS TO ADVERTISE!!

MUNICIPAL NOTIFICATION
No. 3043.

SHANGHAI MUNICIPAL COUNCIL
ELECTRICITY DEPARTMENT
Amendment of Rules Governing the Supply of Electricity.

NOTICE is hereby given that the following amendments in the Rules governing the supply of Electricity will come into force from the dates indicated below.

Clause 9 of the existing Rules governing the supply of Electricity is amended as follows:

Meters.—The meter or meters required by the Council for the measuring of the electricity supply will be provided free of cost. For additional meters installed at the request of Consumers, a rental of Tls. 0.50 per quarter is charged on each meter so installed.

The following additional Clause is included in the Rules governing the supply of Electricity:

Minimum Charge.—A Minimum Charge of Tls. 3.50 per quarter will be made in respect of each installation, should the actual consumption of electricity be less than the equivalent of Tls. 3.50 per quarter.

The above amendments will come into operation from date so far as new Consumers are concerned, and will apply to all existing connexions as from the dates readings of meters are taken for the December 1922 quarter's accounts.

By order,
N. O. LIDDELL,
Secretary and Commissioner General.
Council Room,
Shanghai, August 31, 1922.
51573

MUNICIPAL NOTIFICATION
No. 3041.

OUTBREAKS OF FIRE

The attention of the Council has been drawn to the fact that, upon the occasion of a recent fire at a Factory, no report of the outbreak was made by the concerned either to the Fire Brigade or Police, with the result that the fire obtained considerable headway and was extinguished with difficulty.

Factory and Mill Managers and others in charge of industrial establishments are hereby requested to take such steps as will ensure prompt notification to the Fire Brigade or Police of all outbreaks of fires on their premises, however small, in order that adequate steps may be taken to prevent conflagrations.

By order,
N. O. LIDDELL,
Secretary and Commissioner General.
Council Room,
Shanghai, August 31, 1922.

Second Army Chief Blamed By Liu For Szechuen Trouble

(Reuter's Pacific Service)

Peking, August 29.—It is reported from Szechuen that General Liu Cheng-hsun, commander-in-chief of the First and Third Armies in Szechuen, has expressed the opinion that of his opponents General Yang Sen, commander of the Second Army, was chiefly responsible for the recent civil strife.

General Liu Hsiang he regards as having been only indirectly concerned, and therefore recommends that he be treated with clemency, especially as his expulsion of the Yunnanese forces from Szechuen in 1920 entitles him to consideration.

He therefore advises that General Liu Hsiang be sent to his native place of Taiyuhsien near Chengtu. As Chengtu is the headquarters of the Third Army General Liu Hsiang would thus be prevented from any further hostile activity.

General Liu Cheng-hsun is also a native of Taiyuhsien, and it is suggested that his temperate attitude may be due to the fact that he and his defeated opponent are fellow townsmen.

Austrian Embassy In Tokio Transferred

(Eastern News Agency)

Tokio, Sept. 1.—The Austrian Embassy here has been transferred to the Italian Government. The premises and the art treasures belonged to the Embassy are now on sale. It is expected that the Italian Embassy here [illegible]

Lee de Forest Has Birthday Party

(China Press Service)

New York, August 31.—The well known inventor, Lee de Forest, the pioneer in the development of wireless telegraphy and telephony and the inventor of the radio telephone celebrated his birthday in Berlin, N. Y. in the presence of many experts of

Chinese Actors Are Essential To New Play, British Agree

(Reuter's Special Service)

London, August 31.—There has been considerable criticism among unemployed English actors of the engagement of Chinese for the play, "East of Suez".

Mr. Basil Dean's desire is to reproduce a picture of Chinese life and the men engaged to play the parts of students, stevedores, itinerant cook and street barber follow the same occupations in real life.

Mr. Alfred Lugg, Secretary of the Actors' Association, who has now witnessed a dress rehearsal, publicly states that in most cases the desired effects could not be obtained without employing Chi-

Moscow Modifies Rules Governing Parcel Post

(Rosta News Agency)

Moscow, August 10.—The council of People's Commissaries decrees:—In modification of paragraph 3 of the decree of the Council of Labor and Defence of September 30, 1921, as to the period of payment for, and dispatch of food and other parcels, and of the Regulation of August 2, 1921, as to the import and export of parcels, letters, and packages by post, the following instructions for the acceptance of articles imported from abroad by parcel post shall be issued:

(1) The following articles may be sent by parcel post addressed to private persons for personal use without the special permission of the People's Commissariat for Foreign Trade, on condition that the requisite customs duties are paid, if they have not been exempted from duty by the existing tariffs: (a) all articles of food, with the exception of perishable goods (the conditions for exemption of these articles from customs duty are given in paragraph 3 below); (b) printed matter, manuscripts, photographs, drawings and sketches, and all kinds of documents, apart from those the import of which is forbidden; (c) all kinds of materials and textiles, clothing, dresses, underwear, headgear, and other wearing apparel, footwear, table and bed linen, clocks and watches, spectacles, thermometers, kitchen and table utensils, small household implements, materials of domestic utility (nails, wire, string, paste, etc.), knives, forks, and spoons, and other small household necessaries; (d) musical instruments; (e) trade and professional tools, implements and materials; (f) articles in general demand, such as soap, toilet requisities, writing material, haberdashery, etc.; (g) medicaments.

Note.—The admission of medical compounds and patent medicines will be only permitted upon the presentation by the addresses of a prescription by the Soviet doctor. Simple drugs, as for example, boric acid, quinine, iodine, potassium permanganate, aspirin, soda, dispensary goods, sodium sulphate, xeroform, liquid soap, sodium salicilate, glycerine, vaseline, etc., are admitted without the presentation of a prescription.

(2) If, judging by the quantity of parcels containing articles of a similar nature addressed to a private person, the customs authorities ascertain that the parcels are not intended for the private use of the addressee, but for sale, then the general instructions shall apply to these articles, namely, their importation from abroad is allowed only with special consent of the Commissariat for Foreign Trade and upon payment of customs duty.

(3) Temporarily, up to Jan. 1, 1923, customs duties will not be demanded for the following articles of food (see paragraph 1) sent in parcels addressed both to private persons for their own use and to organisations for the aid of the population of the Republic, on condition that excise duty shall be exacted for any articles subject to excise duty: (a) rice; (b) flour and groats; (c) potato flour, vermicelli, macaroni and sago; (d) vegetables, except those mentioned in paragraph 4, section 5 of the Customs Tariff, dry vegetables, etc.; (e) lemons and oranges; (f) fruits and dried raisins not preserved in sugar; (g) foodstuffs imported in sealed tins and meat extracts; (h) chicory; (i) coffee; (j) tea; (k) sugar; (l) honey; (m) condensed milk and dried milk, milk powder, chocolate and cocoa; (n) meat, salt, dried, roasted, boiled, sausages; (o) butter; (p) fish; (q) foodstuffs not specially mentioned; (r) vegetable oil.

Wedding

SUTTON—ELLIOTT

Word has just been received from Yokohama of the marriage of Mr. David Elliott to Miss Ester E. Sutton of Dansville, New York. The ceremony was performed by the Rev. Booth, on August 31.

Mr. Elliott is the District Manager of the Ault & Wiborg China Co. for Hongkong, Canton and Manila and until his trip to Japan was connected with the Shanghai office. After a short stay in Japan they will be a few days in Shanghai on their way to Hongkong.

Railway In Hands Of Receiver, Report

(Reuter's Service)

New York August 31.—The Chicago and Alton Railroad has been placed in the hands of a receiver.

SMOKELESS DAYS

(China Press Service)

Berlin, August 31.—German smokers are faced with "smokeless days" as a result of the enormous increases in the prices of cigars, cigarettes and other smoking materials. The minimum price in Berlin for cigarettes is 7 marks each and cigars 20 marks each.

NEW OCTROI CHIEF

(Reuter's Peking Service)

Peking, August 29.—It is reported that Mr. Liu Eng-yuan is to be appointed Director of the Peking Octroi in succession to Mr. Tao Li.

NEW CONFERENCE

RATE RAISED

(China Press Service)

Berlin, August 31.—The German Reichs Bank has raised the discount rate from 6 to 7 percent and the Lombard discount from 6 to 7 percent.

Rescue Party Only 100 Feet From Miners

(Reuter's Service)

Jackson, Cal., August 31.—The rescue party for the relief of the men imprisoned in the Argonaut mine are operating from the Kennery gold-mine towards the 4200-foot level, where the forty-eight men are believed to be entombed.

The tunnel in which the rescuers, who are now only 100 feet away, are working has been sealed up for two years but the walls have not entirely caved in. In the meantime volumes of gas are issuing from the airshaft of the Argonaut mine, which is the only means of escape.

Little hope is entertained of rescues.

GERMAN TRADE

(China Press Service)

Berlin, August 31.—Official German trade statistics for July show imports of 46,000,000,000 marks against exports valued at 26,0000,000,000 marks.

The import of coal was especially large because of the loss of the Upper Silesia coal fields.

The Berlin City Council has announced it will float a new loan of 500,000 million gold marks.

TROUBLE IN INDIA

(Reuter's Service)

Madras, August 31.—With reference to the disturbances at Godavery, reported in the Swarajya, it is stated that 500 Pitturadar rebels on August 24 attacked the police stations at various places around Tuni and carried off all arms and ammunition.

Police are being hurried to the scene, which is in a remote situation, in motor lorries.

BONUS BILL

(China Press Service)

Washington, August 31.—The Senate has passed the four billion dollar soldiers' bonus bill which now goes into a joint conference with the House of Representatives.

Law Conference At Buenos Aires Ends

(French Wireless through Reuter)

Paris, August 31.—The International Law Conference at Buenos Aires has ended its sittings.

The proposal of the Bolivian delegrate that Bolivia should be ceded a strip of territory giving her access to the sea, which she lost after the war of the Pacific, was rejected and the Bolivian Government has decided to appeal to the league of Nations.

POLICE CHIEF SAILS

(China Press Service)

Berlin, August 31.—Chief of Police Richter of the Berlin police department sailed for the United States today to attend the International Police Congress on invitation of the Commissioner of Police of New York City.

Drastic Measures In Mesopotamia

(China Press Service)

London, Aug. 31.—The London Daily News hears from Bassorah that owing to the recent aggravations of the Mesopotamia situation the British High commissioner, Sir Percy Cox, has been forced to take drastic measures, arresting and expelling the ex-Minister of War and six Nationalist leaders from Bagdad and suppressing several native newspapers.

Prices Boosted On Vienna Newspapers

(China Press Service)

Vienna, August 31.—All Vienna newspapers raised their prices commencing this morning. Morning editions are now 650 crowns and evening editions 120 crowns.

Turks Continue To Advance In Angora

(China Press Service)

London, Aug. 31.—According to reports from Turkish headquarters Kemalists now occupy city of Eskishehr after several days fighting. The Turkish advance on the whole is continuing, amounting in some parts to 70 kilometers progress.

(Reuter's Service)

Paris, August 31.—A report from Smyrna states that a Greek patrol boat has captured and taken into Chios a vessel flying the British flag which was carrying contraband for the Kemalists.

Peking To Repay Rail Share Owners

(Reuter's Pacific Service)

Peking, August 29.—In connection with the revenues accruing to private shares in the Hupeh section of the Szechuen-Hankow Railway which have been confiscated since 1918, it is announced that the Government has decided to assume responsibility for their repayment.

Interest will in the meantime be paid at the rate of six percent, the Hupeh Finance Department assuming responsibility for the interest on the revenue in arrears from 1918 to 1920 and interest dating from 1921 to be paid by the Ministry of Communications. The total amount owing is $1,150,000.

SHAH IN PARIS

(French Wireless through Reuter)

Paris, August 31.—The Shah of Persia has arrived in Paris.

WEATHER

The typhoon, having passed by the West of Shanghai, will continue towards the Yangtze probably in the direction of Chinkiang. Equally weather with some showers. Very rough weather at sea and on the Lower Yangtze, as far as Kiukiang.

Professional Baseball?

WE, along with many of our readers, have been viewing with some degree of alarm the rather inutile baseball discussion that has been raging on our front page in the popular "Dog Days" column. A limited number of baseball enthusiasts, apparently tickled at having devoted very much thought to the subject, propose to professionalise the American national pastime here. They would raise some money, lease some ground, build a high bamboo fence around it and hide their great game from the general public. They would then import some professional or semi-professional baseball players and make the public pay to see the games. Where they would get the grounds, the money or the players remains for the present on the laps of the gods. Also for the future.

In order to perpetrate this outrage upon the American national game abroad they would give up the present beautiful grounds, which not only are beautiful, but are easily accessible and free to the general public of Shanghai. They would take the game out of the hands of the university men who now manage and play it and turn it over to such professionals as they could pick up in America. That is what it would come to. Certainly not one of the good players we now have with us could be induced to play for money.

Further, if these misguided enthusiasts got their money, their grounds and their players, where would our good amateur ball players, who train hard and play hard and give us very fine games all for the mere love of the sport—what would become of them? Where would they play? Certainly not in the professional park. And where would the crowds go?

We were thinking these things over when a letter came in from Dr. A. H. Swan, who has pitched many a brilliant game for one or another of Shanghai's fine amateur teams. Here is what he has to say:

Editor, THE CHINA PRESS

Sir:—The question of the future of baseball in Shanghai has recently occupied considerable space in the public press. Divergent opinions have already been expressed. This is not only natural but desirable, for it is only as the wishes of the community be known that it will be possible to give baseball in the Settlement the trend that the majority wish to see it take. As a player on the Shanghai team for five years up to 1918 the writer has developed some ideas on this subject which might well be put to the test of public reading to see if they line up with any considerable mass of public opinion here.

My first point is that whatever baseball in Shanghai ought to be, it has in the past been different from homeside baseball, not so much in the playing as in the spirit surrounding it. Americans in the Settlement contributed certain sums each year so that the American national game could find expression on the International playing fields of this Far Eastern port. There were a few Americans here who loved the game and desired to play it; there were others who also loved it but were content to see others play it. One and all desired that other nationals should see the American game played and appreciate it as a sport. Those who contributed did not do so to see a certain number of games nor especially to get value received except in the satisfaction of seeing their national sport fostered. This in a brief and imperfect way expresses the spirit behind Shanghai baseball in the past.

On the other hand the various baseball leagues at home have grown out of small rivalry. Podunk was not to be outdone by Squeedunk if it had to hire the best battery in the United States, and they were off to purchase the best nine or twelve players that the town could afford, and baseball was therewith entrenched as a spectacle and was all but forgotten as a sport in that town.

It seems to the writer that the question of the future of Shanghai baseball rests right there. Shall it be a spectacle or shall it be a sport which a certain number of people are willing to support and incidentally to watch? Are we to have one paid team while the Japanese community runs a league with twenty teams in it? If a sport it is to be there are many more men who would like to play than at present get a chance. At any rate that has been so in the past.

In the spring of 1918 there were fifty men enrolled for a series of mid-week games. The series was started but never finished because plans were laid for a big series and attention was concentrated on the development of a dozen men. These were not all local men either. Several were sent for from the outports to the discouragement of local players of scarcely less ability. After the series was over men had to be pulled out of the stands to get nine men together for Saturday games. One year a firm drew in from the outports three men who were players and supported them in comparative idleness to play in a series. These were symptoms that baseball was becoming a spectacle and ceasing to be a sport.

The recent suggestion to have a few paid players would be the next logical step if it would work. It might succeed but it probably would not. How long would six unpaid players play for nothing if three were drawing salaries and the club taking in big gate receipts. Not long perhaps. Then all nine would have to be paid. What kind of men would they be? Could Shanghai American firms absorb twelve or fifteen semi-pro players who would be hired because of their baseball ability? Would they earn their salaries? Maybe they would. But if that should prove to be impracticable full time ball players would have to be hired. Picture a dozen or fifteen professional ball players around the Model Settlement with nothing else to do. It is really open to question that they could be made to keep in condition to play ball. What incentive would they have to play good ball? No big league scouts in the stands watching them; no baseball future before them.

There is another angle to be considered. The best Japanese and Filipino teams would not be allowed to play against our team because it would bar them from the Far Eastern Championships for playing against a professional team where gate money was charged. It would be difficult to find competition for such a team. The better the team the harder it would be to find opponents. Teams could not be induced to come here, and be "walloped," and we would tire of the sport of seeing them so treated.

This seems to lead to the conclusion that it is to miss the spirit of sport in this settlement and to fail to sense the difference from homeside conditions to propose to professionalise baseball here. Do not the folks of this community want to see our own boys play ball? We grumble when Shanghai has an off day but often enough it is proven that local men can play good ball. Do we want faultless, machine-like baseball? The fans at home didn't. When the game got so perfect that scores of 2-1 and 1-0 became the rule the balls and the regulations were changed so that hard hitting and the increased chances of slips produced more action on the field. We get plenty of action with our local team.

Finally, baseball such as Shanghai has been having and ought to have can be supported by the American community. It should be so supported without any fees at the gate, and other nationals ought to be allowed to watch it without paying if they so desire. There was a time in Shanghai when only Americans were allowed to contribute toward an important series; all others were our guests. Are we becoming less able to be part of a great International settlement?

Thanking you I beg to remain,
Yours Very Truly.
A. H. Swan, M. D.

Saving The Babies

The 1921 report of Health Commissioner Copeland of New York, just issued, says:

"It was not until 1891 that a real campaign was instituted for the correction of the evils associated with the distribution of milk. In that year Nathan Straus started his campaign for pure milk. A few years later he insisted that the milk should be pasteurised. There was much opposition to his views, so in order to demonstrate the truth of his theory he established milk depots. This pioneer work of Mr. Straus, together with the development of the baby health stations, has resulted in a wonderful lowering of the death rate among children.

"In thirty years the death rate of children under five has fallen from ninety-seven per 1,000 to twenty-four per 1,000. In the same time the death rate among infants under one year of age has fallen from 241 per 1,000 to seventy-one per 1,000; a saving of over 20,000 babies in one year. The rate established in New York in 1921, of seventy-one per 1,000 is the lowest infant death rate ever reached by any large city in the world. Two of the boroughs of the city, Brooklyn and the Bronx, had rates of sixty-five and sixty-three respectively."

-:- Pet Peeves -:-

"IT'S A SAD STORY, MATES!"

Pet Peeves Editor, The China Press

Sir: I was going to address this to the "*Peevish* Editor" but seeing that I am in a far from humorous mood I gave up the idea: another reason why I did not address you as I intended to is because I am a diplomatic person, and to call you "Peevish" may prejudice you against me.

Well I've got more than one peeve: first of all it annoys me to see every letter to you beginning like this: "Have I a peeve? I'll say I have." To one of fastidious taste this is as distasteful as castor oil. But, this is deviating from the point. I will name only a few of my peeves, for, if I name them all, the people in the U. S. A. and other countries will think twice before coming out to China.

Yesterday morning the pattering of the raindrops and the slamming of the shutters awakened me early, so I rang the bell for the boy, gave him 10 cents and told him to buy a copy of THE CHINA PRESS for me. I waited with eager anticipation for the paper for I'm the sort of fellow who enjoys reading other fellows' peeves. One hour later the boy came back and said: "Master this money belong brass."

Then the climax came. For the heavy rain I thought my brand new $35 raincoat would be ideal, so I asked the boy to fetch it for me. To cut a long story short, the raincoat had disappeared.

I've got a third peeve, which is my certain knowledge that someone who talks about the harmonious chanting of coolies, or crowded tram-cars one of Shanghai's oldest traditions will win your Peeve Competition. I am.

A BORN PEEVER.

WHY NOT, INDEED?

Pet Peeves Editor, The China Press

Have I a peeve? Why, of course I have a whole lot of them and from time to time I let one be "the pet." Just now my pet peeve is this:

All summer long we have watched them build this new open air swimming pool out near Hongkew Park and hoped that before the end of the summer we might go in it.

Finally it was finished and the notice appeared in the paper, "Open to men and boys only."

That means that my father and brother can go in and I cannot. I cannot even go in and look on. What is the use of knowing how to swim and dive if you cannot go into the water? Why should boys have any more fun than girls in the summer? We like to swim as well as they do.

My father asked one of the men about it and he said that the men did not wear enough clothes so that we could go in and look on and that they never would allow boys and girls in at the same time anyway though they might some day have a special time for the girls. So it looks as though my pet peeve would have to last a long time.

We girls like to go in with the boys and show them that girls can swim and dive and do stunts as well as they can. On hot days we want to go in and cool off too. In America people always go in together but out here we have to "Hang our clothes on a hickory limb and never go near the water."

M. M.

A RADIO PEEVE

Pet Peeves Editor, The China Press

Sir: Watch the craze of radio over on the other side of the ocean and watch the enthusiasm—if there is any—on this side. Oh, with the headgear on, hour after hour, you know how disgustful it is—all that is audible to you is just the frog-like sparks. Music, concert, lecture, etc., out of the ether are never known to this country. I wonder why there are no enthusiastic amateurs or even stations which would attempt a little variation on the line.

If you wish to know how a Chinese is treated or invited by the Chinese military authorities you just persuade him to rig up a few of his grandmother's clothes lines on the roof of his home and to stretch the lines with a few of her spindles. I bet almost immediately after its completion a galaxy of octopus-like men will be seen hanging around the building to set up their snare to welcome him. Why can't they let the "clothes lines" be? A few radio amateurs would be nothing compared to the "swallow nests," or opium dens, remaining in the Settlement.

I remember some time ago in your Matt and Jeff section you had a series of pictures of their selling radio apparatus—fake kind. Well, one of the well-known firms in America is just of the same stuff. The American firms advertise for taking assiduous care of foreign trade, yet look at what the assiduous care is:

This firm denies receipt of an order, yet the money sent with the order is cashed at their post office. And even to show their mastery of foreign trade they put a five-cent stamp on the letter addressed to this port!

Comparing the turnout from my remittance to them of G. $25 with what Sir Sidney got from Mutt and Jeff, I think Sir Sidney is rather lucky, or he has a "blessing star on him" as the Chinese age-old saying goes. Because they charged me G. $25 for their three classical letters which I believe are comparatively belittled in the face of Dickens's letters.

Thus my peeve extends to America, to China, and to the limitless air!

J. Y. Y.

WHAT'S THE MATTER WITH THE PEOPLE?

Pet Peeves Editor, The China Press

Dear Pet Peeve Ed: I'm sick in bed with a sore throat. The Doc has just left after givin me orders to buy out the drug store complete except the perfume dept and with all the pills and powders and one thing another to be taken Et Tu Frutti which means somethin every ten minutes it looks as though I got a bill of fare ahead of me for the rest of the day that would make six percent hemlock a pleasure. Anyway Doc takes soundings this morning and finds I register 104 in the shade and says to bed young man to bed after which I did that and having lots of time and a headache and finding that article about Peeve in your paper I decides ten dollars earned is easy money but when you send the ten send it as soon as possible; I'm runnin low on jack and might have to buy more pills tomorrow.

Well the other day I went out to see Meiji git trimmed seven to 2 and would you believe that theys more people in this town that talks when they would be twice as interestin if they shut up than they is opium smugglers in Dairen. In the seventh innin when things was so excitin that I would of got sore if Joe Harris would of tried to pay me the five bucks fifty I lent his granfather, there I was listenin to this kind of stuff:

"Yes my dear it was genuine georgette, two fifty a yard I think . . Ball One . . flowers for thirty dollars . . Not precisely although they do say that the chappie at the wicket is good . . . Youre out—OUT . . my dear girl the stripes come off this coat and I would also suggest that you take your feet out of my coat pocket . . but bobbed hair is simply atrocious . . of course I'm watching the game whaddeye think I came here for."

And that night I went up to the Palace Roof to hear the concert and the only time the people shut up was durin the intermissions when they was busy orderin another one of the same. Yrs,

P. E. Eve.

The Typewriter As A Monitor

BY GARRETT P. SERVISS
Eminent Astronomer and Authority on Subjects of Scientific Interest.

We all use typewriting machines, and it is no longer "bad form" to write other than business letters with them. Authors "composing" on typewriters find that the machine steadies the course of thought, like an improved rudder or steering gear. I write much more deliberately and with greater care, composing whole sentences in advance, when I use my typewriter. If I write with the pen thoughts glide more freely, wander more easily and are less exactly wrought out.

The typewriter is a self-revealer for its user. It picks out his defects of nervous action, slips of memory, strayings and blunderings of attention and misdirected, automatic movements. It is a mental mirror for you, by consulting which you may correct some of these faults and infelicities.

The application of the principle of the typewriter to typesetting for print brings out precisely similar facts. The prevailing proofsheet errors are not the same now as they used to be in the days of setting type by hand from boxes. It is interesting to read over a proof in printers' type of something that you have written on your machine, and see how other of the same kind of mistakes that you yourself committed have been added by the manipulator of the printing machine.

He, too, has dropped and inverted letters, just as you have done, and for the same apparent reasons. The dropping of letters in the middle of words seems to be due principally to haste, resulting in too light a touch upon some of the letters so that the levers fall short of reaching the drum, and the carrier does not move. I believe that certain letters are more often dropped than others by certain persons.

A person who finds himself habitually dropping letters in this way when writing rapidly should study and practise uniformity of touch. The fault is one to be corrected not only for the sake of better typewriting, but because, like a flaw in a piece of metal, it is likely to extend much farther than is apparent at a hasty glance. It gives you a hint as to where you need reannealing. You may be unconsciously dropping other things besides letters.

The inversion of letters appears to be due to two principal causes: First, the bad practise (of which professional typists are, I suppose, never guilty), of looking at the letters as you strike them instead of keeping your eyes fixed on the copy, or on the paper as the growing line of print develops, and watching that; and, second, misdirection of the fingers, which accidentally hit letters adjacent to the one intended to be hit.

The results of the first of these ways of inventing letters are sometimes very curious indeed, and they throw an interesting light upon the operations by which the motor centers of the brain are actuated. In a short word, like "and," one may find oneself beginning with the last or middle letter instead of the first, thus writing "dan" or "nad" instead of "and." Laughable combinations and inversions are occasionally made, as "cat" for "act," "owl" for "low," "fade" for "deaf," "dam" for "mad," or vice versa, "mash" for "sham," "tub" for "but," etc. These, and many others, are actual examples of such misplacements of letters in rapid typewriting.

The explanation seems to be that the mental vision recognises the literal elements of the desired word without regard to the order in which they should be presented—i.e., when we think of a short word we have all of its component letters in mind, and as the eye wanders over the keyboard the first one of these letters that happens to present itself is instantly "pricked down" on sight, as Falstaff pricked his recruits, with no respect to order or fittingness. The mind is alert to get all the needed members of the company together, and lets not one escape, however untimely may be its presentation, which the motor nerve center, like an over-prompt and zealous sergeant instantly pushes the recruit into line without considering his file number.

Longer words are by no means exempt from similar misplacements of their component letters—just this moment I have been writing "exepmt" for exempt—and the resulting combinations, if taken out of their context would often be as incomprehensible as the words of an unknown language. I once wrote the mysterious word "resinty," and spent some time in finding out that it represented the patched-up partial remains of "sciently." Here both inversion and skipping of letters had been in play.

But, to return to my text, the typewriting machine is a good detector of some of the imperfections of the human machine, showing where it needs a drop of oil or a little refitting. And as a detective of personality a typewritten page almost ranks with fingerprints.

"CROWN" BRAND of

CARBON PAPER possesses a medium hard, glossy surface, obtained without the sacrifice of carboning properties, is distributed evenly and perfectly upon the finest quality of tissue, clean to handle, non-smutting, non-drying, giving clear, clean cut and intense impressions and is extremely durable. Colors: black, blue, purple, red and green.

Price: $4.50 per box of 108 sheets
.75 „ sheet of 20"x40"

PENCIL CARBONS: These are made in several colors and weights and for all kinds of uses. They will be found clean and non-smutting, giving clear, sharp, permanent impressions.

Price: $3.00 per box of 100 sheets.

TYPEWRITER RIBBONS for all style machines are the best and highest grade; non-fading, non-drying, of remarkable durability, and capable of clean, sharp work from beginning to end. The colors are brilliant, of unusual strength, and only the finest fabrics, and highest grade of colors used. All popular colors in stock.

Price: $1.50 each or $15.00 per doz.

The Week's Market Report

TEA

The market generally during the past week has been much quieter and business has been on a reduced scale.

Black.—With the Keemun crop disposed of some attention has been paid to Ningchows but settlements are of an unimportant nature. A number of common grade chops have found buyers on the local market at prices which show no change from last week's ruling rates while Hankow reports further business to the extent of 2,500-3,000 packages of inferior cargo at a fraction under last week's basis.

Stocks of desirable grades are diminishing and selection becomes more difficult daily. Particulars of the week's business are as follows:

Ningchow 175 half-chests Tls. 20½-26¾.

Hankow Teas 1,900 half-chests Tls. 15-25.

Details of the business done in Black Tea since the opening of the market to date are

Arrivals 116,409 half-chests.
Settlements 102,143 half-chests
Stock 14,266 half-chests.

Country Teas.—Lack of suitable tea has restricted business during the past week, and settlements are only some 4,000 half-chests. Chun Mees are still the center of attraction and all teas with any pretension to style and cup quality meet a ready market. The best grades are realising Tls. 60-70, and good mediums Tls. 46-56. A little business has taken place in Gunpowders and Sow Mees at easier rates. Nine chops have been settled at Tls. 21¾-30. Figures of the crop at date are as follows:

Arrivals 138,275 half-chests
Settlements 98,325 half-chests
Stock 39,950 half-chests.

Hoochows and Pingsueys.—The market is quiet, and one chop has been settled at Tls. 24½, and a little business in single lines is also reported. Chops with really good style and cup are scarce, and for these teamen are strong holders. Crop figures of Hoochows and Pingsueys combined are as follows:

Arrivals 99,137 half-chests
Settlements 70,184 half-chests
Stock 28,953 half-chests.

COTTON

In their weekly report on the Shanghai cotton market, Messrs. A. B. Rosenfeld and Son write as follows:

China Cotton:—Since our last report, we have had another week of very little interest, with fluctuations within narrow limits. Weather balance during the past week ideal for maturing and harvesting the crop. Light rain fell during the latter part of the week, which is beneficial to the crop, but the typhoon expected here to-night, we fear, might result in serious damage. Receipts from 500-1,000 bales of new seasons have been arriving daily from Chekiang province and part of which has been bought up by the Canton dealers at Tls. 22.00 per picul, ex warehouse.

Under the circumstances, we see no reason to change our views that any recession in prices is unwarranted, any attempt to force prices will be but a temporary success.

Yarn.—The market during the past week has been keeping steady, and at the close prices advanced some three to four taels with undertone firm. Some 5,000-6,000 bales of local spinnings has been recorded for export to Newchwang, Weihaiwei, Tientsin, Hankow, Wuhu, Kiangse, Szechuen and Chefoo at prevailing prices.

SPUNT'S REPORT

Messrs. J. Spunt and Company write as follows in their report on the cotton market:

China Cotton:—Our market during the early part of the week showed signs of weakness which became gradually converted to firmness owing to the rumors of damage being done to the new crop by the typhoon which is now sweeping over the Chekiang and Kiangsu provinces and part of the Yangtsze Delta and although a very small volume of business was transacted throughout the week a rising tendency is perceptible at the close which will become more or less modified according as the extent of the damage is more clearly discernible.

The yarn market still continuing in a somnolent state acts in a more or less degree as a deterrent to any extensive demand for spot deliveries evolving on the part of Spinners who are for the time being devoting the attention toward contracting for supplies of the New Season cotton at the favorable rates still ruling for should there by any truth as to the new crop having suffered to a marked degree by the Typhoon they may congratulate themselves on having partially taken in supplies in good time before higher prices set in. Tone of the market firm.

HANKOW MARKET

The British Chamber of Commerce at Hankow writes as follows in their weekly circular dated Hankow, August 23.

Finance.—Bar Silver remained about the same all the week, fluctuating daily between 35-and 34¾ at which rate it closed Tels and forward. New York-London cross rate rose from 446½ to 447 but declined again 447½. T/T London rose from 3-5¾ to 3-6 on the 18th instant and dropped ¼ the following day to 3-6¼, at which rate it closed with very few sellers over rates. 4 m-s Credits Bills could be placed down to 3-7¼ and Gold Dollars bills @ 81. Chinese market rates. Shanghai Tls. 96.925. Local currency $70.3. Native interest 7 percent per annum.

EXPORT

EXPORT.—Some purchases of broad beans are reported at firmer prices than before, presumably to cover sales previously made to Europe, but new business is not possible at present either in beans, peas or sesamum seed as buyers are holding off on account of the international situation. Fair quantities of gallnuts have been contracted for, but in other lines there is little if any business. Tael prices remain steady.

IMPORTS.—Piece Goods and Yarn: Nothing of interest to report.

BEFORE STARTING A JOURNEY

be sure to put a vial of Pinkettes in your bag, for they are excellent travelling companions. Pinkettes help to keep off sea-sickness and train-sickness, dispel the constipation so common when travelling, keep the liver active, and prevent the ill-effects of strange or badly cooked foods.

PINKETTES

Chemists sell Pinkettes, or post free, 60 cents the vial, from Dr. Williams' Medicine Co., 96 Szechuen Road, Shanghai.

CASTORIA

for Infants and Children.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying power, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them wilfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

The signature of Chas. H. Fletcher. guarantees genuine Castoria.

Physicians Recommend Castoria.

"Your preparation known as Castoria I have used for years in children's complaints and have found nothing better."
JOHN J. LEPPA, M. D., Cleveland, Ohio.

"I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."
A. F. PESLER, M. D., St. Louis, Mo.

"For several years I recommended your 'Castoria' and shall always continue to do so, as it has invariably produced beneficial results."
EDWIN F. PARDEE, M. D., New York City.

"I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild, laxative effect and freedom from harm."
EDWARD FARRISH, M. D., Brooklyn, N. Y.

"Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies."
VICTOR H. COFFMAN, M. D., Omaha, Neb.

"Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a safe and reliable medicine for infants and children. In fact it is the universal household remedy for infantile ailments."
J. A. PARKER, M. D., Kansas City, Mo.

Children Cry for Fletcher's Castoria.

In Use For Over 30 Years.
THE CENTAUR COMPANY, NEW YORK CITY.

Financial And Commercial News

Exchange Fluctuations

Asia Banking Corporation

September 1, 1922

Spot and Forward Bar silver were each unchanged in London as well as in New York yesterday. The London-New York cross rate declined to 446⅝. The only change in our Official rates here today was a rise in the Franc rate to 1,005.

As cable communications with New York and South China were interrupted today many banks were disinclined to operate; the market therefore was unusually quiet, but steady and in fact was somewhat on the firm side in the afternoon.

In the morning business in Sterling was done at 3s. 5 11d. for September-October deliveries and 3s. 5⅝d. for November-December. Gold Dollars were done at 77⅝ October and 77¾ November-December.

In the afternoon Sterling particularly was considerably firmer, there being sellers at the close at 3s. 5⅝d. September, 3s. 5 11d. October-November and 3s. 5⅞d. December.

There were sellers of Gold Dollars at the close at 77⅝ September-October and 77⅞ November-December.

The market closed firm. While in the morning as low as 1015 was done for T.T. later on there were sellers for Forward delivery at least at 1025 with no buyers.

Banks were quoting 3-6 3-8 for Sterling Bills and 79 for Gold Dollar Bills. No wires have been received from New York but the London market is quoted as steady and lifeless.
